ABOUT US

Anirit Ventures Limited was incorporated on March 10, 1993 as a public limited company under the Companies Act, 1956, and was originally registered with the Registrar of Companies, Coimbatore, under the name Flora Textiles Limited. For over three decades, the Company operated in the trading and job manufacturing of yarn and fabric.

A new chapter began in September 2024, when Oilmax Energy Private Limited (“Oilmax”) acquired a majority equity stake in the Company. To reflect this transformation, the Company was renamed as Anirit Ventures Limited with effect from December 20, 2024.

This change marks more than a new name — it signals a fundamental shift in purpose. Anirit Ventures is now charting a course into agricultural and non-agricultural ventures, agritourism, agricultural infrastructure, agri-biogas, and agri-waste management, alongside a deeper commitment to green technology, carbon capture, and emission reduction. The Company is also investing in research and development to advance innovative, commercially viable solutions — extending into supply chain logistics, agroforestry, and agro-tourism — as it builds a platform for sustainable, long-term growth.

During the financial year 2025-26, the Company successfully completed a Rights Issue to existing eligible shareholders to finance its identified business objectives and long-term strategic initiatives.

Furthermore, in a strategically significant development during FY 2025-26, the Company acquired Anirit Agritech Private Limited, a company engaged in Controlled Environment Agriculture. The acquisition is aligned with the Company’s strategic objective of exploring opportunities in technology-driven and sustainable agricultural solutions and is expected to strengthen its presence in the agriculture and allied sectors while complementing its broader focus on sustainability-oriented business initiatives.

Successfully completed Rights Issue in FY 2025-26 to support strategic growth initiatives and long-term business objectives.

Acquired Anirit Agritech Pvt. Ltd. to strengthen presence in sustainable, technology-driven agriculture solutions.

MANAGEMENT DISCUSSION AND ANALYSIS

1. Overview

FY 2025–26 marked a transformational year in the history of Anirit Ventures Limited. During the year, pursuant to the acquisition of controlling shareholding by Oilmax Energy Private Limited, the Company witnessed a change in management and strategic direction. Following the change in control, the Board has adopted a long-term strategy focused on developing sustainable businesses in the areas of renewable energy, innovation-led technologies and climate-resilient agriculture. The year also witnessed successful capital raising through a Rights Issue and the acquisition of Anirit Agritech Private Limited, laying the foundation for the Company's future growth initiatives.

Rights Issue & Capital Raising

During the year, the Company successfully completed a Rights Issue to existing eligible shareholders to finance its identified business objectives and long-term strategic initiatives. The proceeds from the Rights Issue are being utilised in accordance with the objects stated in the Letter of Offer and applicable provisions of the Companies Act, 2013, the SEBI (Issue of Capital and Disclosure Requirements) Regulations and other applicable laws.

Acquisition of Anirit Agritech Private Limited — Entry into Controlled Environment Agriculture (CEA)

In a strategically significant development during FY 2025–26, the Company acquired Anirit Agritech Private Limited, a company engaged in Controlled Environment Agriculture. This acquisition represents the Company's strategic entry into a transformative sector that leverages technology, precision agriculture and climate-controlled infrastructure to optimize agricultural output independent of external weather conditions.

Through this acquisition, the Company aims to:

- Establish a meaningful presence in the controlled environment farming ecosystem in India;
- Leverage technology-driven agricultural solutions to address food security, yield optimization, and climate resilience; and
- Diversify its business portfolio across three high-growth, sustainability-aligned verticals — clean energy, advanced materials and smart agriculture.

2. Industry Overview

2.1 The Global Scenario:

The global transition towards low-carbon and sustainable energy solutions is accelerating, with different regions leading in specific domains:

- **Biomass-to-energy**

Globally, governments continue to accelerate investments in renewable energy, circular economy solutions and sustainable agricultural practices. Countries such as Germany have established mature biogas ecosystems supported by favourable regulatory frameworks, while the United States and Japan continue to lead innovation in advanced materials, sustainable cooling technologies and commercialisation of research-driven solutions.

- **Innovation led business**

The U.S. and Japan are leaders in innovation-driven sustainability, driving programs in next-generation coatings, smart materials and advanced thermal management solutions. Their strong university-industry ecosystems enable rapid commercialization of R&D breakthroughs.

2.2 The Indian Scenario:

India, with its Net Zero 2070 pledge and surging energy demand, is one of the fastest-growing clean energy markets.

The Government has rolled out enabling policies and schemes:

- SATAT (Sustainable Alternative Towards Affordable Transportation) to promote CBG production and offtake through assured buyback by Oil Marketing Companies.
- National Green Hydrogen Mission to accelerate biomass gasification and hydrogen production.
- Programs supporting innovation in sustainable cooling and energy efficiency, including IIT-led research collaborations.

This strong alignment of policy, natural resource availability, and demand positions India as a fertile ground for Anirit Ventures' green energy and innovation agenda.

2.2.1 India Today: The Opportunity for Anirit Ventures:

Biomass-to-Energy

- India has over 5 million household-scale biogas units, but only 876 medium to large-scale plants above 5 m³/day capacity.
- There are just 120+ operational CBG plants, with 500 under development.
- Against the SATAT target of 5,000 CBG plants producing 15 MMT annually, only 75 plants have been commissioned so far, though 2,212 LOIs have been issued.
- By 2030, CBG production is projected at 0.8 bcm/year, of which only 50% is expected to be utilized under current trends.

India has set ambitious targets but is still in the early stages of scaling. Anirit Ventures aims to participate in the evolving value chain through integrated biomass projects from captive feedstock cultivation to CBG production, gasification and downstream hydrogen/power pathways leveraging group synergies and technology partnerships.

Innovation & Development - led business

India's innovation ecosystem is scaling rapidly: IITs, IISc, and national labs are working on next-generation cooling, energy-efficient materials, and green coatings.

- Government support through schemes like PRISM (Promoting Innovations in Individuals, Startups, MSMEs) and collaborations under the National Mission are catalyzing applied R&D.

- Despite progress, commercialization rates remain low, with only 10–15% of lab-scale innovations reaching pilot or industrial scale.

Anirit Ventures is focused on scaling innovations in Passive Radiative Cooling (PRC), Phase Change Materials (PCMs), and energy-efficient coatings by working with institutions such as IIT Bombay. Alongside M&A and joint venture opportunities, the Company intends to facilitate commercialization advanced materials from the lab to commercial deployment.

3. Financial Performance (FY 2025–26):

Key Financial highlights on consolidated basis are:

4. Future plans and strategic priorities

Agro-based Biomass to Green Energy

- Develop an integrated biomass-to-energy value chain, from captive feedstock and CBG to biofuels, gasification based power, and in near future hydrogen.
- strengthen technological capabilities through JVs with global leaders in biogas and biofuels.
- Leverage group synergies in EPC, O&M, offtake, and R&D to accelerate scale-up.

Innovation & Development

- Advance sustainable cooling and thermal management solutions, in collaboration with IIT Bombay, with focus on Passive Radiative Cooling (PRC) and Phase Change Materials (PCMs).
- Pursue strategic partnerships, M&A, and joint ventures to build an innovation-led portfolio in green coatings, advanced materials, and climate-adaptive technologies.

5. Internal Control Systems and their Adequacy

The Company has established internal financial controls commensurate with the nature, size and complexity of its operations. These controls are designed to ensure orderly and efficient conduct of business, safeguarding of assets, prevention and detection of frauds and errors, accuracy and completeness of accounting records, and timely preparation of reliable financial information.

6. Risks and Concern

The Company operates in sectors that are influenced by technological advancements, regulatory developments, market dynamics and macroeconomic conditions. As the Company progresses with its strategic initiatives in renewable energy, advanced materials and controlled environment agriculture, it remains exposed to various business and operational risks.

The key risks include changes in government policies and regulatory frameworks, project execution risks, technology adoption and commercialisation risks, availability of suitable feedstock for biomass-based projects, funding requirements for growth initiatives, competitive pressures and general economic conditions. The Company also recognises the potential impact of climate-related and environmental risks on its operations and future projects.

The Company has adopted a structured approach towards risk identification, assessment, monitoring and mitigation. Risks are periodically reviewed by the management and, wherever appropriate, placed before the Board and its Committees. The Company continues to strengthen its internal processes and governance framework to effectively manage risks while pursuing sustainable long-term growth.

7. Outlook

The Company aims to build a scalable and diversified sustainability-focused business over the medium term through disciplined capital allocation, technology partnerships and execution excellence.

DIVIDEND:

The Board of Directors of your Company, not declared any Dividend for the year under review due to the loss incurred by the Company.

TRANSFER TO RESERVES:

The Board of Directors of your Company has decided not to transfer any amount to the Reserves for the financial year under review.

CHANGE IN THE NATURE OF THE BUSINESS:

During the financial year 2025-26, the Company continued to build upon the strategic transformation undertaken in the previous year following its acquisition by Oilmax Group. Having repositioned itself from its erstwhile textile business, the Company remained focused on evaluating opportunities aligned with its revised business objectives, including sustainability-driven ventures, agricultural and allied activities, green technologies, innovation-led projects and other emerging sectors.

During the year, the Company concentrated on assessing potential business avenues and strengthening the foundation for its future growth initiatives. The management continues to explore opportunities that are aligned with the Company's long-term vision and strategic objectives.

STATE OF AFFAIRS OF THE COMPANY:

During the financial year 2025-26, the Company has issued and allotted 1,20,00,000 partly paid-up equity shares on a rights basis at an issue price of Rs. 33 per share, comprising a face value of Rs. 10 per share and a securities premium of Rs. 23 per share. An amount of Rs. 23 per share (comprising Rs. 5 towards face value and Rs. 18 towards securities premium) was received on application. The balance amount of Rs. 10 per share (comprising Rs. 5 towards face value and Rs. 5 towards securities premium) shall be payable on one or more subsequent calls, as may be determined by the Board of Directors from time to time.

Further, during the year under review, your Company has acquired 100% of the equity share capital of Anirit Agritech Private Limited (“AAPL”), from Oilmax Energy Private Limited. Pursuant to such acquisition, AAPL became a wholly owned subsidiary of the Company. The said acquisition represents a significant development in the Company’s corporate structure and is in line with its broader strategic focus on exploring opportunities across agriculture and allied sectors.

During the year, Holding Company, Oilmax Energy Private Limited (“OEPL” or “Promoter”) has filed an application before NCLT, Mumbai Bench for Scheme of Merger by absorption of OEPL with Asian Energy Services Limited (“AESL”), subsidiary of OEPL and their respective shareholders under Section 230 & 232 read with Section 66 and other applicable provisions of the Companies Act, 2013. Upon the Scheme becoming effective, subject to the requisite approvals of the NCLT, Mumbai Bench and other regulatory authorities, all the assets, liabilities, rights and obligations of OEPL shall stand vested in AESL. Consequently, AESL shall become the Holding Company and Promoter of the Company in place of OEPL.

SECRETARIAL AUDIT REPORT

For the Financial year ended 31st March 2026

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
ANIRIT VENTURES LIMITED
(Formerly Flora Textiles Limited)

3A, 3rd Floor, Omkar Esquare, Chunabhatti Signal,
Eastern Express Highway,
Sion (East), Mumbai,
Maharashtra - 400022

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Anirit Ventures Limited** (hereinafter called "**the Company**"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Management's responsibility

The Management along with the Board of Directors are responsible for ensuring that the Company complies with the provisions of all applicable laws and maintains the required statutory records and documents in the prescribed manner.

Auditor's responsibility

- My responsibility is to express an opinion on the compliance with the applicable laws and maintenance of records by the Company. I have conducted audit in accordance with the auditing standards CSAS 1 to CSAS 4 ("**CSAS**") prescribed by the Institute of Company Secretaries of India ("**ICSI**"). These standards require that the auditor complies with statutory and regulatory requirements and plans and performs the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.
- Due to the inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the CSAS.
- I have not verified the correctness and appropriateness of the financial statements of the Company.
- Wherever required, I have obtained the Management representation about the compliances of laws, rules, regulations and standards and happening of events etc.
- The Secretarial Audit Report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

Basis for Opinion

I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in the secretarial records. I believe that the processes and practices, we followed provide a reasonable basis for our opinion.

Opinion

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and provided as scanned copies in electronic mode and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on **31st March 2026**, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **31st March 2026** according to the provisions of:

- (i) The Companies Act, 2013 ("the Act") and the rules made there under;
- (ii) The Securities Contract (Regulation) Act, 1956 ("SCRA") and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Overseas Direct Investment, Foreign Direct Investment and External Commercial Borrowings, wherever applicable;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act')
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015; and
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021
 - e) The Securities and Exchange Board of India (Issue and Listing of Non- convertible Securities) Regulations, 2021 - **Not Applicable to the Company during the Audit Period;**
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021- **Not Applicable to the Company during the Audit Period;**
 - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 - **Not Applicable to the Company during the Audit Period; and**
 - i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("LODR").

I have also examined compliance with the applicable clauses of the Secretarial Standards on Meetings of the Board of Directors and on General Meetings issued by The Institute of Company Secretaries of India.

During the period under review and subject to the explanations given to us and the representations made by the Management, recording in the minutes of Board of Directors and our check on test basis, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

The compliances by the Company of applicable financial laws like Direct and Indirect tax laws **have not been reviewed in this** Audit since the same are subject to review by Statutory Financial Audit.

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors as applicable.

Adequate notice is given to all directors to schedule the Board Meetings including meeting of its committee which were sent in compliance of the Companies Act, 2013, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

The Board decisions are carried out with the assenting views of the Directors.

INDEPENDENT AUDITOR'S REPORT

To the Members of Anirit Ventures Limited Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of **Anirit Ventures Limited (Formerly known as Flora Textiles Limited)** ('the Company'), which comprise the Standalone Balance Sheet as at **31 March 2026**, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flows and the Standalone Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its loss (including other comprehensive loss), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the Standalone Financial Statements and Auditor's Report thereon

4. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis Report and Director's Report, but does not include the standalone financial statements and our auditor's report thereon. The Management Discussion and Analysis Report and Director's Report are expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

5. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
6. In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
7. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
9. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

- Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 10.** We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 11.** We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- 12.** From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 13.** As required by section 197(16) of the Act, based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
- 14.** As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in the **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 15.** Further to our comments in Annexure A, as required by section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
- a)** We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
 - b)** Except for the matter described in paragraph 15(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The standalone financial statements dealt with by this report are in agreement with the books of account;
- d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
- e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of section 164(2) of the Act;
- f) The qualification relating to maintenance of accounts and other matters connected therewith is as stated in paragraph 17(b) above on reporting under section 143(3)(b) of the Act and paragraph 15(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);
- g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2026 and the operating effectiveness of such controls, refer to our separate report in **Annexure B**, wherein we have expressed an unmodified opinion; and
- h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has not any pending litigations on its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2026;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2026;
 - iv.
 - a. The management has represented that, to the best of its knowledge and belief no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b. The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

- v. Since the Company has not declared / paid any dividend during the year, Section 123 of the Act is not applicable.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account during the year ended March 31, 2026. The software has an audit trail (edit log) feature enabled at the application level for recording all relevant transactions. However, the audit trail feature was not enabled at the database level to log any direct data changes.

Further, during the course of our audit, we did not come across any instance of the audit trail feature at the application level being tampered with. Additionally, the audit trail records have been preserved by the Company in accordance with the statutory requirements for record retention.

- (ix) a) In our opinion and according to the information and explanation given to us the Company has not defaulted in repayment of principal and interest to any lenders. The Company has not issued any debt securities.
- (b) In our opinion and according to the information and explanation given to us the Company is not declared willful defaulter by any bank or financial institution or other lender.
- (c) In our opinion and according to the information and explanation given to us, the term loans were applied for the purpose for which the loans were obtained.
- (d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) As per information and explanation provided to us and procedures performed by us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

- (f) According to information and explanations provided to us, the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
- (x) a) The Company has not raised any money by way of initial public offer, further public offer (including debt instruments) during the year hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.
- b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully, partly or optionally convertible debentures during the year. Accordingly, the requirement to report on clause 3 (x)(b) of the Order is not applicable to the Company.
- (xi) a) During the course of our audit, examination of the books and records of the Company, no fraud by the Company or no fraud on the Company has been noticed or reported during the year.
- b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by auditor in Form ADT - 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- c) As represented to us by the management, there are no whistle-blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a),(b) and(c) of the Order is not applicable to the Company.
- (xiii) According to the information and explanations given to us and based on our examinations of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- (xiv) In our opinion and based on our examination, the Company does not require to comply with the provisions of Section 138 of the Companies Act, 2013. Therefore, the requirement to report under clause 3(xiv)(a) & (b) of the Order is not applicable to the Company.
- (xv) According to the information and explanations given to us, in our opinion during the year the Company has not entered into non-cash transactions with directors or persons connected with its directors and hence, provision of section 192 of the act are not applicable to the company. Accordingly, the provisions stated in paragraph 3(xv) of the Order is not applicable to the Company.
- (xvi) In our opinion the provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) to (d) of the Order is not applicable to the Company.
- (xvii) According to the information and explanation given to us and based on our examination of the records, the Company has incurred cash losses in the financial year amounting to Rs. (82.69) Lakhs and in the immediately preceding financial year the company had not incurred any cash losses.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

(xx) According to the information and explanation given to us and based on our examination of the records of the Company, the provisions of Section 135 to the Companies Act, 2013 in relation to Corporate Social Responsibility is not applicable to the Company. Accordingly, the requirement to report on clause 3(xx)(a) & (b) of the Order is not applicable to the Company.

(xxi) The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of the said clause under this report.

Annexure B to the Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of **Anirit Ventures Limited (Formerly known as Flora Textiles Limited)** ('the Company') as at and for the year ended **31 March 2026**, we have audited the internal financial controls with reference to standalone financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Standalone Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

6. A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to

the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to Financial Statements for the year ended 31st March, 2026

Note 1 : Corporate Information

- a. Anirit Ventures Limited is a public limited company domiciled in India, incorporated under the Companies Act, 1956 on 10 March 1993 and has its registered office at 3A, 3rd Floor, Omkar Esquare, Chunabhatti Signal, Eastern Express Highway, Sion (East), Mumbai – 400022, Maharashtra

The Financial statements for the year ended 31st March,2026 were approved by the Board of directors.

- b. The company is engaged in the business to undertake and promote agricultural and non-agricultural ventures including agritourism, agri-tech, infrastructure, agri bio-gas (CBG), and related innovations; to engage in trading, marketing, and handling of agricultural products, minerals, and energy resources; and to invest in or acquire businesses, conduct scientific research, and support ventures aligned with the company's objectives.
- c. The standalone financial statements (the financial statements) of the Company for the year ended 31 March 2026 were authorised for issue in accordance with resolution of the Board of Directors on May 27th, 2026.
- d. The name of the Company has been changed to Anirit Ventures Limited from Flora Textiles Limited vide registration certificate dated 20th December, 2024.

Note 2 : Material Accounting Policies:

a. Basis of Accounting:

The Company has prepared the financial statements which comprise the balance sheet as at March 31 2026, the statement of profit and loss, the statement of cash flows and the statement of changes in equity for the period ended March 31 2026, and a summary of the material accounting policies and other explanatory information (together hereinafter referred to as “financial statements”).

The financial statements have been prepared on a going concern basis under the historical cost basis except for the following –

- Certain financial assets and liabilities have been measured at fair value (refer accounting policy regarding financial instruments); and
- Defined benefit plans – measured using actuarial valuation.

The financial statements have been prepared using the material accounting policies and measurement basis summarised below. These were used throughout all periods presented in the financial statements.

b. Statement of compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (“Ind AS”) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and other provisions of the Companies Act, 2013 as amended from time to time.

Notes to Financial Statements for the year ended 31st March, 2026

c. Critical Estimates and Judgements

The preparation of financial statements in conformity with Ind AS requires management to make estimates, assumptions and exercise judgement in applying the accounting policies that affect the reported amount of assets, liabilities and disclosure of contingent liabilities at the date of financial statements and the reported amounts of income and expenses during the year.

The management believes that these estimates are prudent and reasonable and are based upon the management's best knowledge of current events and actions. Actual results could differ from these estimates and differences between actual results and estimates are recognised in the periods in which the results are known or materialised.

Below is an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

- **Useful lives of property, plant and equipment** - Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management, based on those prescribed under Schedule II to the Act, at the time the asset is acquired and reviewed periodically, including at each financial year end.
- **Defined benefit obligation** - The cost of post-employment benefits is determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, future salary increases and mortality rates. Due to the long term nature of these plans, such estimates are subject to significant uncertainty. The assumptions used are disclosed in note 38 to these financial statements.
- **Fair value measurements** - Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves significant judgements in the selection of a method in making assumptions that are mainly based on market conditions existing at the Balance Sheet date and in identifying the most appropriate estimate of fair value when a wide range of fair value measurements are possible.
- **Impairment of assets** - In assessing impairment, management estimates the recoverable amounts of each asset (in case of non-financial assets) based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future cash flows and the determination of a suitable discount rate.
- **Income tax** - Significant judgments are involved in determining the provision for income tax, including the amount expected to be paid or recovered in connection with uncertain tax positions.
- **Provisions** - Provisions are recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement obligation and compensated expenses) are not discounted to its present value and are determined based on the best estimate required to settle obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Notes to Financial Statements for the year ended 31st March, 2026

d. Revenue Recognition

- i) Revenue is recognised when it is earned and there is no significant uncertainty regarding its measurability or collectability.
- ii) Interest income is recognised on a time proportion basis, taking into account the outstanding principal amount and the applicable effective interest rate.
- iii) Dividend income is recognised when the entity's right to receive payment is established.

e. Investments:

Investments intended to be held for more than one year from the date of acquisition are classified as non-current (long-term) investments and are carried at cost, less provision for any other-than-temporary diminution in value, where applicable.

Investments other than long-term investments are classified as current investments and are measured at the lower of cost and fair value. Any decline in fair value below cost is recognised in the Statement of Profit and Loss.

f. Accounting for Taxes of Income:-

Current Taxes

Current Tax expenses are accounted in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis

Deferred Taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction. Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred income tax asset to be utilised. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting date. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Notes to Financial Statements for the year ended 31st March, 2026

g. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity

i. Recognition, initial measurement and derecognition

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial assets or financial liability. However, trade receivables that do not contain a significant financing component are measured at transaction price.

The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows under an eligible transaction.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

A financial guarantee contract is initially recognised at fair value. If the guarantee is issued to an unrelated party on a commercial basis, the initial fair value is likely to equal the premium received. If no premium is received, the fair value is determined using a method that quantifies the economic benefit of the guarantee to the holder.

ii. Subsequent Measurement

Non Derivative Financial Instruments

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (OCI)

A financial asset is subsequently measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Notes to Financial Statements for the year ended 31st March, 2026

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are subsequently fair valued through statement of profit or loss.

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

At the end of each subsequent reporting period, financial guarantees are measured at the higher of:

- The amount of the loss allowance, and
- The amount initially recognised less cumulative amortisation, where appropriate.

The amount of the loss allowance at each subsequent reporting period equals the 12-month expected credit losses. However, where there has been a significant increase in the risk that the specified debtor will default on the contract, the calculation is for lifetime expected credit losses. It is important to note that the simplified impairment approach available for trade receivables cannot be used for financial guarantee contracts.

iii. Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the twelve month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

h. Equity Shares

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

i. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with other current / short-term, highly liquid investments (original maturity less than 3 months) that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

j. Property, Plant and Equipment:

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes inward freight and expenses incidental to acquisition and installation, net of tax credits up to the point the asset is ready for its intended use. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the

Notes to Financial Statements for the year ended 31st March, 2026

entity and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the statement of profit and loss when incurred.

Assets acquired but not ready for use or assets under construction are classified under capital work in progress and are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets, and are recognised in the statement of profit and loss within 'other income' or 'other expenses' respectively.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

Capital work in progress represents projects under which the property, plant and equipment's are not yet ready for their intended use and are carried at cost determined as aforesaid.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. For qualifying assets, borrowing costs are capitalised in accordance with Ind AS 23 - Borrowing costs. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use. Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Category of Property Plant and Equipment	No. of Years
---	---------------------

Computer Hardware	3
-------------------	---

Leasehold land/Improvements thereon are amortized over the primary period of lease. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss. The Company has applied Ind AS 16 Property, Plant and Equipment retrospectively to its PPE and has not availed deemed cost exemption as available under Ind AS 101 First-time Adoption of Indian Accounting Standards.

- k.** Depreciation on tangible assets is provided on the Straight Line Method (SLM) over the useful lives of the assets as prescribed under Schedule II of the Companies Act, 2013. Intangible assets are amortized over their respective estimated useful lives on a straight-line basis, commencing from the date the asset is available for use by the Company.

Freehold land is not depreciated. Depreciation on assets under construction commences only when the assets are ready for their intended use.

Notes to Financial Statements for the year ended 31st March, 2026

The depreciation method, useful lives and residual values of assets are reviewed at the end of each reporting period and adjusted prospectively, where considered appropriate. No further depreciation is provided on assets that are fully depreciated but continue to be in use.

i. Intangible Assets

Intangible assets with finite useful lives are carried at cost less accumulated amortisation and impairment losses, if any. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the taxing authorities), and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Subsequent expenditure on an intangible asset after its purchase/ completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

The intangible assets are amortised over their respective individual estimated useful lives on a straight-line basis, commencing from the date the asset is available to the company for its use. The amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern

Derecognition of intangible assets

An intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

m. Impairment of non-financial assets

The carrying amount of the non-financial assets are reviewed at each balance sheet date if there is any indication of impairment based on internal /external factors. An impairment loss is recognised whenever the carrying amount of an asset or a cash generating unit exceeds its recoverable amount. The recoverable amount of the assets (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. Impairment loss is recognised in the statement of profit and loss.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there were no impairment.

n. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

Notes to Financial Statements for the year ended 31st March, 2026

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

o. Inventories

Inventories are valued at the lower of cost and estimated net realisable value (net of allowances) after providing for obsolescence and other losses, where considered necessary. The cost comprises of cost of purchase, cost of conversion and other costs including appropriate production overheads in the case of finished goods and work-in-progress, incurred in bringing such inventories to their present location and condition. Trade discounts or rebates are deducted in determining the costs of purchase. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

In case of raw materials, stores & spares and traded goods, cost (net of CENVAT/VAT credits wherever applicable) is determined on a moving weighted average basis, and, in case of work-in-progress and finished goods, cost is determined on a First In First Out basis

p. Other Income

Dividend income from investments is recognised when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Notes to Financial Statements for the year ended 31st March, 2026

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principle outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

q. **Borrowing Costs**

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

r. **Employee Benefits**

Defined contribution plans

The Company contributes to statutory provident fund in accordance with Employees Provident Fund and Miscellaneous Provisions Act, 1952 that is a defined contribution plan and contribution paid or payable is recognised as an expense in the period in which the employee renders services.

Defined benefit plans

The Company's gratuity benefit scheme is a unfunded defined benefit plan. The Company's obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their services in the current and prior periods recognised as a liability at the present value of the defined benefit obligations at the balance sheet date based on an actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method. The discount rates used for determining the present value of the obligations under the defined benefit plan are based on the market yields on government bonds as at the balance sheet date.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of OCI in the year in which such gains or losses are determined.

Other long-term employee benefits

Liability in respect of compensated absences is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method. Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to statement of profit and loss in the year in which such gains or losses are determined.

Short-term employee benefits

Expense in respect of other short-term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

Notes to Financial Statements for the year ended 31st March, 2026

s. Foreign Currency Transactions and Translations

Foreign currency transactions are recorded at rates of exchange prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated at the rate of exchange prevailing at the year-end. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for:

- > exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.
- > exchange differences on transactions entered into in order to hedge certain foreign currency risks;

t. Earnings Per Share

Basic earnings per share is computed by dividing the profit/(loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits/reverse share splits and bonus shares, as appropriate.

u. Provisions and Contingencies

A provision is recognised when the Company has a present obligation (legal/constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liability is disclosed for (i) Possible obligation which will be confirmed only by future events not wholly within the control of the Company or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Notes to Financial Statements for the year ended 31st March, 2026

Provisions for the expected cost of sales related obligations under local sale of goods legislation are recognised at the date of sale of the relevant products, at the management's best estimate of the expenditure required to settle the Company's obligation.

v. Critical Accounting Judgements And Key Sources Of Estimation Uncertainty

The preparation of financial statements in conformity with Ind AS requires management to make certain judgements and estimates that may effect the application of accounting policies, reported amounts and related disclosures. These judgements and estimates may have an impact on the assets and liabilities, disclosure of contingent liabilities at the date of the financial statements, and income and expense items for the period under review. Actual results may differ from these judgments and estimates. All assumptions, expectations and forecasts that are used as a basis for judgements and estimates in the financial statements represent as accurately an outlook as possible for the Company. These judgements and estimates only represent our interpretation as of the dates on which they were prepared. Important judgements and estimates relate largely to provisions, pensions, tangible and intangible assets (lives, residual values and impairment), deferred tax assets and liabilities and valuation of financial instruments.

(ii) Fair value Hierarchy

Fair value hierarchy explains the judgement and estimates made in determining the fair values of the financial instruments that are -

- recognized and measured at fair value
- measured at amortized cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

Assets and Liabilities that are disclosed at Amortized Cost for which Fair values are disclosed are classified as Level 3.

Set out below is a comparison, by class, of the carrying amounts and fair values of the company's financial instruments that are not carried at fair value in the balance sheet.

Fair value of financial assets and liabilities measured at amortized cost(Level 3) - Nil

Measurement of fair values

As there are no investment made by the company measured at Fair value through profit and loans or Fair value through Other Comprehensive income hence fair value measurement not disclosed

Note 28 Financial risk management objectives and policies

The Company's activities expose it to a variety of financial risks: market risk, interest risk etc. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and commodity risk. Major financial instruments affected by market risk includes loans and borrowings.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has borrowed from the holding company and related party at fixed rate thus Company do not foresee any interest rate risk.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Company does not have any material exposure to foreign currency risk as at the reporting date since it does not have significant transactions, assets, liabilities, borrowings or contractual obligations denominated in foreign currencies. Accordingly, the Company is not exposed to significant foreign exchange rate fluctuations

Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure of the financial assets are contributed by loans & advances, cash and cash equivalents and security deposits.

Exposure to credit risk

The allowance for impairment in respect of trade receivables during the year was Rs Nil.

Cash and cash equivalents

The Company held cash and cash equivalents with credit worthy banks of Rs 10.35 and Rs 14.34 lakhs as at 31 March 2026 ; 31 March 2025 respectively. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Liquidity risk

Liquidity is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

Trade payables	2.16	-	-	2.16
Other financial liabilities	7.31	-	-	7.31
	9.48	725.49	-	734.97

Note 29 Capital management

The Company manages the capital structure by a balanced mix of debt and equity. Necessary adjustments are made in the capital structure considering the factors vis-a-vis the changes in the general economic conditions, available options of financing and the impact of the same on the liquidity position. Higher leverage is used for funding more liquid working capital needs and conservative leverage is used for long-term capital investments. The Company calculates the level of debt capital required to finance the working capital requirements using traditional and modified financial metrics including leverage/gearing ratios and asset turnover ratios.

As of balance sheet date, leverage ratios is as follows:

Particulars	As at 31st March 2026	As at 31st March 2025
Total borrowings	-	725.49
Less: Cash and bank balances	10.35	14.34

Note 30 Segment Reporting as required under Indian Accounting Standard 108, "Operating Segments"

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the Company. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Director of the Company. The Company operates only in one Business Segment i.e. agriculture and related other ancillary activities.", hence does not have any reportable Segments as per Ind AS 108 "Operating Segments.

Note 31 Impact on Account of New Labour Code

Effective from November 21, 2025, the Government of India notified the consolidation of 29 existing labour regulations into four New Labour Codes, namely, The Code on Wages, 2019; The Industrial Relations Code, 2020; The Code on Social Security, 2020; and the Occupational Safety, Health and Working Conditions Code, 2020. In accordance with these

INDEPENDENT AUDITOR'S REPORT

**To the Members of
Anirit Ventures Limited (Formerly known as Flora Textiles Limited)
Report on Audit of the Consolidated Financial Statements**

Opinion

We have audited the accompanying consolidated financial statements of **Anirit Ventures Limited (Formerly known as Flora Textiles Limited)** (hereinafter referred to as “the Holding Company”) and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”) which comprise the Consolidated Balance Sheet as at 31 March 2026, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement and the Consolidated Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (herein after referred to as “the consolidated Financial statement”).

In our opinion and to the best of our information and according to the explanations given to us the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the consolidated state of affairs of the Group as at 31 March 2026, and their consolidated loss (including other comprehensive loss), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (“SAs”) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report but does not include the Consolidated Financial Statements, Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed and on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in sub-section 5 of Section 134 of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs (financial position), consolidated profit or loss (financial performance including other comprehensive income), consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") specified under Section 133 of the Act, read with relevant rules issued thereunder.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls and ensuring their operating effectiveness and the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in planning the scope of our audit work and in evaluating the results of our work; and to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- i. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, based on the consideration of the Order reports issued by us of companies included in the consolidated financial statements and covered under the Act, we report that there are no qualifications or adverse remarks reported in the respective Order reports of such companies.
- ii. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements.

- b.** In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books except for the matters stated in paragraph 2(h)(vii) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- c.** The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d.** In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e.** On the basis of the written representations received from the directors of the Holding Company and taken on record by the Board of Directors of the Holding Company and the reports of statutory auditor of subsidiary companies incorporated in India covered under the Act, none of the directors of the Holding Company, is disqualified as at 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
- f.** The modifications relating to maintenance of accounts and other matters connected therewith are as stated in paragraph 2(b) above on reporting under Section 143(3)(b) of the Act and paragraph 2(h)(vii) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014
- g.** With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and its subsidiaries incorporated in India and the operating effectiveness of such controls, refer our separate report in “**Annexure A**”; and
- h.** With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditor’s) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (i)** The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group – Refer Note 24 to the consolidated financial statements.
- (ii)** The Group entities did not have any material foreseeable losses on long-term contracts including derivative contracts.
- (iii)** There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.
- (iv)** (a) The respective managements of the Holding Company and its subsidiary companies, incorporated in India whose financial statements have been audited under the Act have represented to us , to the best of their knowledge and belief no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company or its subsidiary companies to or in any person(s) or entity(ies), including foreign entities (‘the intermediaries’), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, or any such subsidiary companies (‘the Ultimate Beneficiaries’) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The respective managements of the Holding Company and its subsidiary companies, incorporated in India whose financial statements have been audited under the Act have represented to us, to the best of their knowledge and belief, no funds have been received by the Holding Company or its subsidiary companies from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company, or any such subsidiary companies, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on such audit procedures performed by us as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- iv) In our opinion and based on the consideration of reports of other statutory auditors of the subsidiaries, the managerial remuneration for the year ended March 31, 2026 has been paid / provided by the Holding Company, its subsidiaries and joint ventures incorporated in India to their directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (v) The Holding Company and its subsidiary companies covered under the Act, have not declared or paid any dividend during the year ended March 31, 2026.
- (vi) The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from April 01, 2023

Based on our examination which included test checks, the Holding Company and its subsidiary companies incorporated in India, have used accounting software's for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software's.:

Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Furthermore, the audit trail has been preserved by the holding company and such subsidiaries as per the statutory requirements for record retention from the date the audit trail was enabled for the accounting software.

Annexure “A” to the Independent Auditor’s Report of even date on the Consolidated Ind AS financial statements of Anirit Ventures Limited (Formerly known as Flora Textiles Limited) for the year ended 31 March 2026.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Anirit Ventures Limited (Formerly known as Flora Textiles Limited)** (“the Holding Company”) as of 31 March 2026 in conjunction with our audit of the Holding Company and its subsidiaries Companies, which are companies covered under this Act, for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary (including step-down subsidiaries) companies, which are companies covered under the Act, is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

Our responsibility is to express an opinion on the Holding company and its subsidiaries (including step-down subsidiaries) companies’ internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 1 subsidiary Companies which is companies incorporated in India, is based on the corresponding reports of the auditors, wherever applicable, of such companies incorporated in India.

1.01 Basis of preparation of Consolidated Financial Statements

The consolidated financial statements relate to Anirit Ventures Limited ('the Holding Company') and its subsidiary (together 'the Group').

The consolidated financial statements have been prepared to comply in all material respects with the Indian Accounting Standards (Ind AS) notified under Section 133 of Companies Act, 2013 ('the Act') read with Companies (Indian Accounting Standards) Rules, 2015, other relevant provisions of the Act, the presentation and disclosure requirement of Division II of Schedule III to the Act (Ind AS compliant Schedule III), and the guidelines issued by Securities Exchange Board of India, as applicable. The accounting policies adopted in the preparation of the consolidated financial statements are consistent with those followed in the previous year.

The consolidated financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities, defined benefit obligations and employee share-based payments, which are measured at fair value.

The consolidated financial statements are presented in Indian Rupee, which is also the Holding Company's functional currency.

All the assets and liabilities have been classified as current or non-current, wherever applicable, as per the operating cycle of the Group as per the guidance set out in Schedule III to the Act. Operating cycle for the business activities of the Group covers the duration of the project/ contract/ service including the defect liability/ warranty period and extends up to the realization of receivables (including retention monies) within the credit period normally applicable to the respective project/ contract/ service. Deferred tax assets and liabilities are classified as non-current only".

Notes to Financial Statements for the year ended 31st March, 2026

2 Material accounting policy

2.01 Statement of compliance with Indian Accounting Standards (Ind AS)

The financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other related provision of Act. Effective April 01, 2020, the Group had adopted all the Ind AS and the adoption was carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards, with April 1, 2019 as the transition date to Ind AS.

The Group's has assessed its liquidity position and its possible sources of funds. The Board of Directors of the Group's are confident of the Group's ability to meet its obligations as and when they arise in the next twelve months from the date of these financial statements. Accordingly, these financial statements have been prepared on a going concern basis. These financial statements were authorized for issue by the Group's Board of Directors on May 27, 2026.

2.02 Basis of measurement

The consolidated financial statements have been prepared on an accrual basis under the historical cost convention as modified by the application of fair value measurements required or allowed by the relevant standards under Ind AS.

Historical cost is generally the amount of cash or cash equivalents paid or the fair value of the consideration given in exchange for goods and services.

The consolidated financial statements have been prepared on a historical cost basis except for:

- Certain financial assets and liabilities - measured at fair value
- Defined benefit plans (Employee benefit provisions) - measured at fair value.
- Derivative financial instruments - measured at fair value.

2.03 Presentation of Consolidated Financial Statements

The Balance Sheet and the Statement of profit and loss are prepared and presented in the format prescribed in the Division III to Schedule III to the Companies Act, 2013 ("the Act") applicable for Non - Banking Finance Companies ("NBFC") including amendment made by MCA from time to time. The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flow". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act including amendments made thereunder, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Ind AS, RBI regulations and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time.

Notes to Financial Statements for the year ended 31st March, 2026

2.04 Functional and presentation currency

Amounts in the financial statements are presented in Indian Rupees in lakhs rounded off to nearest Rupee as permitted by Schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupee to two decimal places.

2.05 Prudential norms

The Company follows the Reserve Bank of India Directions in respect of “Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 as amended from time to time (“RBI Prudential Norms”)

2.06 Use of estimates and judgements

The preparation of consolidated financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of the financial statements and the reported amounts of revenues and expenses for the reporting period. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are recognised in the periods in which the Group becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognised prospectively in the period in which the estimate is revised. The estimates and judgements that have significant impact on the carrying amount of assets and liabilities at each balance sheet date are listed here in below under Critical accounting estimates and judgements.

2.07 Critical Accounting Estimates and Judgements

The preparation of financial statements in conformity with Ind AS requires management to make certain judgements and estimates that may effect the application of accounting policies, reported amounts and related disclosures. These judgements and estimates may have an impact on the assets and liabilities, disclosure of contingent liabilities at the date of the financial statements, and income and expense items for the period under review. Actual results may differ from these judgments and estimates. All assumptions, expectations and forecasts that are used as a basis for judgements and estimates in the financial statements represent as accurately an outlook as possible for the Company. These judgements and estimates only represent our interpretation as of the dates on which they were prepared. Important judgements and estimates relate largely to provisions, pensions, tangible and intangible assets (lives, residual values and impairment), deferred tax assets and liabilities and valuation of financial instruments

A. Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to

Notes to Financial Statements for the year ended 31st March, 2026

be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

B. Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

C. Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

D. Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

E. Contingent liabilities and provisions other than impairment on loan portfolio

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

F. Other estimates:

These include contingent liabilities, Useful lives of property, plant and equipment and intangible assets etc.

2.08 Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity

Notes to Financial Statements for the year ended 31st March, 2026

i. Recognition, initial measurement and derecognition

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial assets or financial liability. However, trade receivables that do not contain a significant financing component are measured at transaction price.

The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows under an eligible transaction.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

A financial guarantee contract is initially recognised at fair value. If the guarantee is issued to an unrelated party on a commercial basis, the initial fair value is likely to equal the premium received. If no premium is received, the fair value is determined using a method that quantifies the economic benefit of the guarantee to the holder.

ii. Subsequent Measurement

Non Derivative Financial Instruments

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (OCI)

A financial asset is subsequently measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are subsequently fair valued through statement of profit or loss.

Notes to Financial Statements for the year ended 31st March, 2026

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

At the end of each subsequent reporting period, financial guarantees are measured at the higher of:

- The amount of the loss allowance, and
- The amount initially recognised less cumulative amortisation, where appropriate.

The amount of the loss allowance at each subsequent reporting period equals the 12-month expected credit losses. However, where there has been a significant increase in the risk that the specified debtor will default on the contract, the calculation is for lifetime expected credit losses. It is important to note that the simplified impairment approach available for trade receivables cannot be used for financial guarantee contracts.

iii. Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the twelve month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

2.09 Revenue Recognition

- Revenue is recognised when it is earned and there is no significant uncertainty regarding its measurability or collectability.
- Interest income is recognised on a time proportion basis, taking into account the outstanding principal amount and the applicable effective interest rate.
- Dividend income is recognised when the entity's right to receive payment is established.

2.10 Expenses

Expenses are recognized in the Consolidated Statement of Profit and Loss on an accrual basis when a decrease in future economic benefits related to a decrease in an asset or an increase in a liability has arisen that can be measured reliably. Expenses are analyzed by their nature in accordance with Ind AS 1.

(i) Purchase of Traded Goods and Direct Project Expenses

Purchases of traded commodities, agricultural products, and resources are recognized when the risks and rewards of ownership (control) pass to the Group, matching the pattern of inventory recognition. Direct cost of agritech projects and infrastructure development includes materials consumed, contract labor, and other directly attributable overheads incurred to bring specific project obligations to completion.

(ii) Employee Benefits Expense

Defined contribution plans

The Company contributes to statutory provident fund in accordance with Employees Provident Fund and Miscellaneous Provisions Act, 1952 that is a defined contribution plan and contribution paid or payable is recognised as an expense in the period in which the employee renders services.

Defined benefit plans

The Company's gratuity benefit scheme is a unfunded defined benefit plan. The Company's obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their services in the current and prior periods recognised as a liability at the present value of the defined benefit obligations at the balance sheet date based on an actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method. The discount rates used for determining the present value of the obligations under the defined benefit plan are based on the market yields on government bonds as at the balance sheet date.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of OCI in the year in which such gains or losses are determined.

Other long-term employee benefits

Liability in respect of compensated absences is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method. Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to statement of profit and loss in the year in which such gains or losses are determined.

Short-term employee benefits

Expense in respect of other short-term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

(iii) Finance Costs and Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

(iv) Other Operational and Administrative Expenses

Expenses are recognized in the Consolidated Statement of Profit and Loss on an accrual basis upon utilization of the service or at the date of their infliction.

Notes to Financial Statements for the year ended 31st March, 2026

(v) Taxes

Current Tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Group operates and generates taxable income. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised. Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

2.11 Foreign currency translation

Foreign currency transactions are recorded at rates of exchange prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated at the rate of exchange prevailing at the year-end. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for:

- > exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.
- > exchange differences on transactions entered into in order to hedge certain foreign currency risks;

2.12 Cash and cash equivalents

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value, cheques on hand and balances with banks. They are held for

Notes to Financial Statements for the year ended 31st March, 2026

the purposes of meeting short-term cash commitments (rather than for investment or other purposes). For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

2.13 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes inward freight and expenses incidental to acquisition and installation, net of tax credits up to the point the asset is ready for its intended use. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the statement of profit and loss when incurred.

Assets acquired but not ready for use or assets under construction are classified under capital work in progress and are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets, and are recognised in the statement of profit and loss within 'other income' or 'other expenses' respectively.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

Capital work in progress represents projects under which the property, plant and equipment's are not yet ready for their intended use and are carried at cost determined as aforesaid.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. For qualifying assets, borrowing costs are capitalised in accordance with Ind AS 23 - Borrowing costs. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use. Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Category of Property Plant and Equipment	No. of Years
Computer Hardware	3
Plant and Machinery	15

2.14 Intangible assets

Intangible assets with finite useful lives are carried at cost less accumulated amortisation and impairment losses, if any. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the taxing authorities), and any directly attributable

Notes to Financial Statements for the year ended 31st March, 2026

expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Subsequent expenditure on an intangible asset after its purchase/ completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

The intangible assets are amortised over their respective individual estimated useful lives on a straight-line basis, commencing from the date the asset is available to the company for its use. The amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern

2.15 Provisions: Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement. As at reporting date, the Group does not have any such provisions where the effect of time value of money is material.

2.16 Contingent Liabilities: A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

2.17 Earning Per Share: The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

2.18 Business combinations

The Company accounts for its business combination under acquisition method of accounting. Acquisition related costs are recognised in the statement of profit and loss as incurred.

Goodwill: Where the aggregate of (i) the consideration transferred, measured at acquisition-date fair value, (ii) the amount of any non-controlling interest (NCI) in the acquiree, and (iii) the acquisition-date fair value of any previously held equity interest in the acquiree, exceeds the fair value of identifiable net assets acquired, the excess is recognised as goodwill. Goodwill is measured at cost less accumulated impairment losses and is not amortised. Goodwill is tested for impairment annually.

Notes to Financial Statements for the year ended 31st March, 2026

Non-Controlling Interest (NCI): For each business combination, the Company measures any NCI in the acquiree either at fair value or at the NCI's proportionate share of the acquiree's identifiable net assets (this election is made on a transaction-by-transaction basis).

Contingent Consideration: Contingent consideration is recognised at fair value at the acquisition date. Subsequent changes in the fair value of contingent consideration classified as a financial liability are recognised in the Statement of Profit and Loss. Changes in the fair value of contingent consideration classified as equity are not remeasured.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

The excess of the fair value of net assets acquired over the aggregate consideration transferred is recognised as capital reserve

[ADDITION – Consolidated: Goodwill on Consolidation] The excess of the aggregate of consideration transferred, the amount of any non-controlling interest in the acquiree, and the acquisition-date fair value of any previously held equity interest in the acquiree over the fair value of identifiable net assets acquired is recognised as goodwill in the consolidated financial statements. For business combinations achieved in stages, any previously held equity interest in the acquiree is remeasured at its acquisition-date fair value and any resulting gain or loss is recognised in the Statement of Profit and Loss.

The Company determines that it has acquired a business when the acquired set of activities and assets include an input and a substantive process that together significantly contribute to the ability to create outputs.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the business combination occurs, the Company reports provisional amounts for the items for which the accounting is incomplete. During the measurement period, the Company retrospectively adjusts the provisional amounts recognised at the acquisition date to reflect new information obtained about facts and circumstances that existed as of the acquisition date and, if known, would have affected the measurement of the amounts recognised as of that date

a. Impairment testing of goodwill and intangible assets

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

CGUs to which goodwill has been allocated are tested for impairment annually, or more frequently when there is indication for impairment. The financial projections basis which the future cash flows have been estimated consider economic uncertainties, reassessment of the discount rates, revisiting the growth rates factored while arriving at terminal value and subjecting these variables to sensitivity analysis. If the recoverable amount of a CGU is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit.

(ii) Fair value Hierarchy

“Fair value hierarchy explains the judgement and estimates made in determining the fair values of the financial instruments that are -

- recognized and measured at fair value
- measured at amortized cost and for which fair values are disclosed in the financial statements.”

Notes to Financial Statements for the year ended 31st March, 2026

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

Assets and Liabilities that are disclosed at Amortized Cost for which Fair values are disclosed are classified as Level 3.

Set out below is a comparison, by class, of the carrying amounts and fair values of the company's financial instruments that are not carried at fair value in the balance sheet.

Fair value of financial assets and liabilities measured at amortized cost(Level 3) - Nil

Measurement of fair values

As there are no investment made by the company measured at Fair value through profit and loans or Fair value through Other Comprehensive income hence fair value measurement not disclosed

Note 33 Financial risk management objectives and policies

The Company's activities expose it to a variety of financial risks: market risk, interest risk etc. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and commodity risk. Major financial instruments affected by market risk includes loans and borrowings.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has borrowed from the holding company and related party at fixed rate thus Company do not foresee any interest rate risk.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities and operational contracts with the rates payable in foreign currencies.

Notes to Financial Statements for the year ended 31st March, 2026

Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure of the financial assets are contributed by loans & advances, cash and cash equivalents and security deposits.

Exposure to credit risk

The allowance for impairment in respect of trade receivables during the year was Rs Nil.

Cash and cash equivalents

The Company held cash and cash equivalents with credit worthy banks of Rs 31.67 and Rs 36.59 lakhs as at 31 March 2026 ; 31 March 2025 respectively. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Liquidity risk

Liquidity is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The table below provides details regarding the contractual maturities of significant financial liabilities:

Particulars	Less than 1 year	1 - 5 years	More than 5 years	Total

Trade payables	4.02	-	-	4.02
Other financial liabilities	-	-	-	-
	4.02	1,367.85	-	1,371.87

Note 34 Capital management

"The Group manages the capital structure by a balanced mix of debt and equity. Necessary adjustments are made in the capital structure considering the factors vis-a-vis the changes in the general economic conditions, available options of financing and the impact of the same on the liquidity position. Higher leverage is used for funding more liquid working capital needs and conservative leverage is used for long-term capital investments. The Company calculates the level of debt capital required to finance the working capital requirements using traditional and modified financial metrics including leverage/gearing ratios and asset turnover ratios.

Notes to Financial Statements for the year ended 31st March, 2026

As of balance sheet date, leverage ratios is as follows:

Particulars	As at 31st March 2026	As at 31st March 2025

Adjusted net debt	623.17	1,331.26
Total Equity	1,477.34	-806.54
Adjusted net debt to adjusted equity ratio (times)	0.42	-1.65

Note 35 Segment Reporting as required under Indian Accounting Standard 108, "Operating Segments"

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the Company. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Director of the Company. The Company operates only in one Business Segment i.e. agriculture and related other ancillary activities.", hence does not have any reportable Segments as per Ind AS 108 "Operating Segments.

Note 36 Impact on Account of New Labour Code

Effective from November 21, 2025, the Government of India notified the consolidation of 29 existing labour regulations into four New Labour Codes, namely, The Code on Wages, 2019; The Industrial Relations Code, 2020; The Code on Social Security, 2020; and the Occupational Safety, Health and Working Conditions Code, 2020. In accordance with these codes and Ind AS 19 (Employee Benefits), particularly para's 165-166 on past service cost recognition, the Company has estimated its Gratuity liability, leading to recognition of incremental past service costs. This has resulted in an expense of ₹ 0.14 Lakhs, recognized in the Standalone Statement of Profit and Loss for the year ended 31 March 2026. Upon notification of the related Rules and any further Government clarifications on the New Labour Codes, the Company will evaluate and account for any differential impact in subsequent periods.

Note 37

Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2026, which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Item No. 3

To approve material related party transaction for borrowings of upto Rs. 10 Crores from Oilmax Energy Private Limited, Holding Company:

Provisions of Regulation 23(4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”), inter alia states that, all Material Related Party Transactions (‘RPT’) and subsequent material modifications thereto as defined by the Audit Committee of the Company, shall require prior approval of the shareholders by means of an ordinary resolution, even if such transaction(s) are in the ordinary course of business and at an arm’s length basis.

Further, as per SEBI Listing Regulations, a transaction with a related party shall be considered to be material, if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds 10% of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity provided that the annual consolidated turnover of the Company is up to Rs. 20,000 Crore.

As per provisions of the Companies Act, 2013 and SEBI Listing Regulations, Oilmax Energy Private Limited (“Oilmax”) being the holding company is a related party. Accordingly, the transaction for borrowings of upto Rs. 10 Crores from Oilmax is considered as material related party transaction.

The Audit Committee and the Board of Directors of the Company have reviewed and approved the proposed transaction, and have confirmed that it is in the best interest of the Company, is at arm’s length, and in the ordinary course of business. The monetary value and other information about the proposed transaction are explained in detail in **Annexure B** to the explanatory statement.

None of the Directors or key managerial personnel of the Company or their relatives, are, in any way concerned or interested, financially or otherwise, in the proposed resolution.

The Board recommends the resolution set out at Item No. 3 of the accompanying notice for approval by the shareholders of the Company by way of Ordinary Resolution.
